Back Card - W = 2.875" H = 1.625"

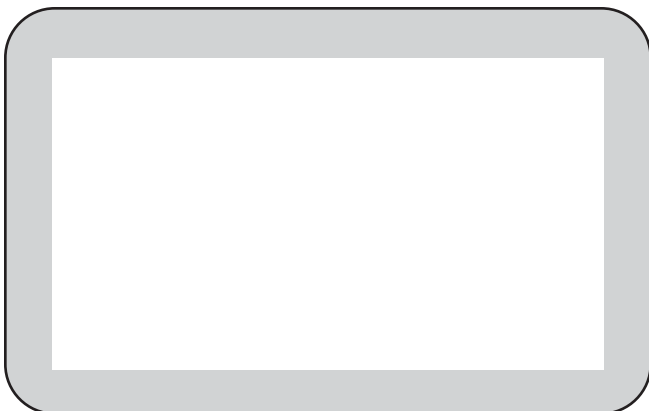

**Front**

This is a basic layout. You can design whatever you want. We will work with you to get the exact card that best represents your work. Front needs 3/4" by 1" for Stress Chip. We will put Stress Chip anywhere on Front you want in your design.

You can use our paragraph about Stress on the back if you like. On the front we only need space to put the Stress Chip. Design and use the wording that you like best.
